Introduction

Alpha Power Electromechanical Contracting LLC is a premier engineering and contracting company based in Abu Dhabi, specializing in Electromechanical works for the Power, Oil & Gas sectors. With over a decade of experience, we have consistently delivered exceptional services and solutions to major clients in the UAE and beyond.

Our Expertise

We bring together a team of highly qualified and experienced engineers who excel in the design, implementation, and management of Electromechanical projects. Our core expertise includes:

- ✓ **Power Systems:** Installation and maintenance of high-voltage substations, transmission lines, and transformers.
- ✓ **Oil & Gas Infrastructure:** Turnkey solutions for pipeline systems, process plants, and offshore platforms.
- ✓ **Building Electromechanical Works:** HVAC systems, electrical infrastructure, plumbing, and fire protection.

Key Achievements

- ✓ Approved sub-contractor for Siemens for their DMS Projects across Abu Dhabi and Al Ain.
- ✓ Successfully completed projects for leading government entities and private corporations.
- ✓ Recognized for on-time delivery and adherence to international quality standards.

Mission & Vision

Our Mission

At Alpha Power Electromechanical Contracting LLC, our mission is to deliver innovative, high - quality, and sustainable electromechanical solutions that exceed client expectations. We are committed to:

- ✓ **Providing Excellence:** Ensuring the highest standards in engineering, project management, and service delivery.
- ✓ **Fostering Innovation:** Utilizing cutting-edge technology to offer efficient and cost-effective solutions.
- ✓ **Prioritizing Safety:** Upholding the strictest health, safety, and environmental standards across all projects.
- ✓ **Driving Sustainability:** Promoting energy-efficient practices and solutions to support a greener future.
- ✓ **Building Long-Term Partnerships:** Developing trust through transparency, integrity, and reliability.

Our Vision

To be a trusted leader in the Electromechanical contracting industry by offering innovative, sustainable, and cost-effective solutions to our clients.

Our Services

At Alpha Power, we specialize in a wide range of electromechanical services, ensuring quality, safety, and precision for every project.

Power and Substation Works

- ✓ Supply, Installation, Testing, and Commissioning of 33/11KV Substations, 11KV Switching Stations, 11KV/22KV Substations, and 11KV Package Units.
- ✓ Supply, Installation, Testing, and Commissioning of Power Transformers and Distribution Transformers.
- ✓ Supply, Installation, Testing, and Commissioning of 11KV & 22KV Ring Main Units (RMU).
- ✓ Power and Harmonic Analysis Study for all types of Electrical Stations

Cable Works

- ✓ Supply, Installation, Jointing, Termination, and Testing of MV (Medium Voltage) & LV (Low Voltage) Cables.
- ✓ Installation of Cable Trays and Cable Duct Works.
- ✓ MV and LV Cable Installation in Vertical/Horizontal Cable Trays with jointing and termination.

Our Services

Panels and Control Systems

- ✓ Supply, Installation, Testing, and Commissioning of 33/11KV Substations, 11KV Switching Stations, 11KV/22KV Substations, and 11KV Package Units.
- ✓ Supply, Installation, Testing, and Commissioning of Power Transformers and Distribution Transformers.
- ✓ Supply, Installation, Testing, and Commissioning of 11KV & 22KV Ring Main Units (RMU).
- ✓ Power and Harmonic Analysis Study for all types of Electrical Stations

Power and Substation Works

- ✓ Supply, Installation, Testing, and Commissioning of:
 - ♦ LV Panels
 - ♦ Feeder Pillars, MDB, and FDB Panels
- ✓ Installation, Testing, and Commissioning of RTU/PLC Systems.
- ✓ Installation, Testing, and Commissioning of DC Charger Panels.

Relay Protection and Safety Systems

- ✓ Protection Relay Wiring and Modification Works for Substations.
- ✓ Relay Setting Calculations, Protection Coordination, and EMAT Calculations for Substations.
- ✓ Installation, Testing, and Commissioning of Fire Alarm & Fire Detection Systems.

Our Services

Energy and Smart Metering Systems

- ✔ Installation, Testing, and Commissioning of AMR (Auto Meter Reading) Systems.
- ✔ Replacement of Existing Electromechanical Energy Meters with Electronic Energy Meters.

Street Lighting and Infrastructure

- ✔ Supply, Installation, Testing, and Commissioning of:
 - ✔ Street Light Poles
 - ✔ CCTV Camera Poles

Power Backup Solutions

- ✔ Installation, Testing, and Commissioning of UPS (Uninterruptible Power Supplies) and Batteries.
- ✔ Diesel Generator Installation, Testing, and Commissioning Works.

Our Services

Automation and Control Wiring

- ✔ Modification of Control and Protection Wiring for MV Switchgear Panels for DMS requirements.
- ✔ Design, Supply, Installation, and Commissioning of DMS Equipment.

Solar Energy Solutions

- ✔ Solar Installation, Testing, and Commissioning for Ground-Mounted and Rooftop Systems (KW to MW scale).
- ✔ Solar Power Plant Operation and Maintenance Works.

Scope of Work

- ✓ Supply, Installation, Testing & Commissioning of MV (22kV) Cables Including with Cable Tiles, Termination Kits, Cable Joints, Warning Tape, Route Marker and associated work as per TAQA/ADDC Requirements.
- ✓ Supply, Installation, Testing & Commissioning of LV Cabling Including with Cable Tiles, Termination Kits, Cable Joints, Warning Tape and associated work as per TAQA/ADDC Requirements.
- ✓ Relocation of existing 22kV Cable Including with Cable Tiles, Termination Kits, Cable Joints, Warning Tape and Route Marker as per TAQA/ADDC Requirements.
- ✓ Relocation of existing LV Cable Including with Cable Tiles, Termination Kits, Cable Joints and Warning Tape as per TAQA/ADDC Requirements.
- ✓ Supply, Installation, Testing & Commissioning and Power connection of Feeder Pillar and Service Turrets as per TAQA/ADDC Requirements.
- ✓ Supply, Installation, Testing & Commissioning and Power connection of Lighting Control Cabinets as per ADM/Authority Requirements.
- ✓ Supply and Installation of Meter Cabinet as per TAQA/ADDC Requirements.
- ✓ Supply & Installation of Power Connection for Irrigation Controller as per TAQA/ADDC Requirements.
- ✓ Disconnect, remove and hand-over to Client the existing Light Poles.
- ✓ Relocation of existing street Light Poles, retrofit existing Luminaires, control cabinets and cables as per ADM requirements.
- ✓ Supply & Installation of Decorative Light Poles (14 & 10 meters) height along with Luminaires and Fixing accessories as per Authority Requirements.
- ✓ 12-Supply Installation, Testing & Commissioning and Power connection of Distribution Boards for Bus Shelter as per TAQA/ADDC Requirements.
- ✓ Supply & Installation of Hybrid Light Poles (14 & 10 meters) height along with Luminaires and Fixing accessories as per ADM/ADMCC Requirements.
- ✓ Supply, Installation and Testing of Earthing System as per TAQA/ADDC latest standards and approval.
- ✓ Removal and Disconnection of 22kV Cables and fixing Cable Joints and Hand-over to ADDC/TAQA as per the requirements.
- ✓ Relocation of existing Feeder pillar and Service Turrets Cabinets as per TAQA/ADDC requirements.
- ✓ Operation and maintenance of complete electrical network as per TAQA/ADDC requirements.

QUALITY POLICY

Alpha Power Electromechanical Contracting LLC is committed to achieve and sustain Business Excellence by integrating sound quality management principles into all its activities and all levels of the organization.

We would be focused in our work and operate with clearly articulated and aligned objectives and strategies embracing.

- ✓ **Customer Value** : Drive actions from a desire to serve the customer and deliver superior value.
- ✓ **Process** : Manage work as a process with focus on results: improving efficiency, delivering enhanced value to customers.
- ✓ **Improvement** : Install Plan-Do-Check-Act checks at every stage of work to achieve both continual and breakthrough improvements in cost, cycle time, quality and safety.
- ✓ **Leadership** : Develop leaders who set high expectations, serve customers, achieve Business Excellence and include sense of entrepreneurship and team spirit in the organization: work together, take prudent risk, learn and continually improve performance.
- ✓ **Motivation** : Train, encourage and motivate people throughout the organization to establish and meet both short-term and long-term commitments to all key stakeholders including the society.
- ✓ **Partnership** : Build long-term relationship with the customer and strategic suppliers based on shared objectives.

We would adopt a value-driven professional approach and ensure that the Quality Management System as per ISO 9001: 2015 is effectively implemented and continually improved towards achieving Excellence.

HEALTH, SAFETY AND ENVIRONMENT (HSE) POLICY

Alpha Power Electromechanical Contracting LLC affirms its commitment to provide a safe and healthy workplace for all its employees and ensure that its operations are carried out in a manner that protects environment and community in general.

Our Philosophy

- ✓ All accidents are preventable.
- ✓ No task is so important that injury to people or damage to the environment is justified.

The objectives of the policy shall be achieved at all company locations by:

- ✓ Promoting a positive culture based on improving our HSE performance.
- ✓ Complying with all applicable HSC legislation.
- ✓ Identifying and eliminating / controlling hazards and pollution that could cause accidents, illness or environmental harm.
- ✓ Providing training and resources for employees to maintain HSE systems.
- ✓ Integrating HSE procedures into every operations of the company.
- ✓ Employing contractors who aspire to adopt the same HSE standards in their works.

The senior management shall visibly uphold the principles of this policy and integrate them throughout the company. The management and supervisory personnel shall be responsible for implementing and maintaining the HSE management system necessary to sustain this policy.

Installation, Testing & Commissioning, Human Resources and the other service units of the company shall support the operation of the management policy.

Working safely and in an environmentally appropriate manner are conditions of employment.

TO WHOMSOEVER IT MAY CONCERN

This is to certify that M/a. Alpha PoWer Electromechanical Contracting L. L. C, Abu Dhabi, UAE, that they have successfully completed the **DM8/SCADA works** including Site Survey, Preparation of Design Drawings (SLD, RTU / DC System GA Drawings, Adaptation design drawings/control circuit modifications, etc.), Installation of RTU/MDF/DC System /GPRS Modem, Conducting SAT and Point to Point tests and submission of as built drawings for the below substation Projects with **Abu Dhabi water & Electricity Authority**, Abu Dhabi, UAE.

1. Contract No: D-10378

Project: DMS Adaptation Works & E MAT Design calculation

Alpha power work Done: Site Survey, Preparation of Adaptation design, Supply, Installation, Modification of Control & Protection Wiring, Testing & Commissioning of 4 Nos. of 11KV Switching Stations in Grain Al Aish Island & Mirfa Area.

2. Contract no: D-8750V06

Project: DMS Adaptation Works & R MAT Design calculation

Alpha power work Done: Site survey, Preparation of Adaptation design, Supply, Installation, Modification of Control & Protection Wiring, Testing & Commissioning of 8 Nos. of 33/ 11KV Substations in Barakah Nuclear Project & Ruwais Area.

3. Contract No: D-8750V06

Project: DMS Design Works for 33KV GIS Extension-SILA GRID Substation.

Alpha power work Done: Preparation, Site Survey, design, 33kV Substation in SILA.

While executing the projects M/ s. Alpha Power Electromechanical Contracting L. L. C, Performance was Professional, very good and Projects completed on time.

RECOMMENDATION CERTIFICATE

In the scope of the **Low Current** System for project **PROPOSED APARTMENT BLDGS. — MAIN WORKS JUMEIRAH ISLAND — HEIGHTS (CLUSTER C — (EAST & WEST)) ON PLOTS J1CLCE + J1CLCW, DUBAI** we undersigned, **CAPORAL & MORETTI LLC**, hereby certify that M/s. **ALPBA POWER LLC** has executed for our account the following installation Services:

JOB DESCRIPTION:

installation of

Main Fire Alarm Panel + Sub Fire Alarm Panel (Edwards)

- + 1,007 units of Fire Alarm devices including Intelligent Photoelectric Smoke detector, Intelligent Fixed Temperature/Rate-of-Rise Heat Detector, and accessories.

Public Address (TOA-Japan)

- + Public Address Amplifier, Digital Voice Announcer, Multi-Zone Paging Microphone, Pre Recorded Voice, Memory & Matrix management Software.

Central Battery System (JSB)

- o 1 unit of 11 KVA INVERTER, 3 HOUR [JAC8KVA/6800/SLR/3] including battery.
- e 1 unit of 9 KVA Inverter, 3 hour [JAC9KVA/7650/SLR/3] including battery.
- t 1 unit of 10 KVA Inverter, 3 hour [JAC10KVA/8500/SLR/3] including Banery.
- t 12 units of ELDB Emergency Lighting D.B.
- t 430 units of Luminaries including surface mounted and exit lights.t
- 650 units of central battery system field devices and accessories.

ALPBA POWER LLC has proven to be a serious, reliable and technically competent company.

Throughout their work with us (2011-2012) **ALPHA POWER LLC** have always delivered their works in due time, up to professional standards and requirements, and to our entire satisfaction.

Appreciation Letter

To,
The i-manager
 M/s Alpha Power Electrical Mechanical Contracting LLC
 P.O. Box – 36892
 Abu Dhabi, U.A.E.

On behalf of the Engineers and Technicians working in Thermo ADK Project, we would like to take this opportunity to commend you for excellent service and achievement in completing the Tower 3 power Upgrade work for 22KV Siemens NX PLUS C Switchgear Panel, 22/0.45KV Transformer, 22KV Power Cable VLF Testing & Commissioning and Relay Coordination Setting.

We sincerely appreciate your efforts and look forward to continuing our business relationship.

Thank you for your excellent service.

Thanks & regards,

Yours faithfully,
 for Thermo LLC.

Proleh: D-102048/A, D-102050/A, **D-102052/A** & D-102056/A

Long Term Rote Agreement for Instollatton & Supply of Underground Cables, Sleciricol **Distribution** Equipments, OHL and Allied Work In Abu Dhabi

Subject: Acflvlflies bY M/S. Alpha Power Electro Mechanical

This is to certify that M/s. Alpha Power Electro Mechanical LLC has successfully Tested and Commissioned the following equipment in our Project D-102050/a.

1. Transformer 22kV/0.415kV and 11kV / 0.415kV (All rating).
2. Adaptation works in the Switchgear 22kV and 11kV.
3. I T kV QRM and TRM.
4. Pole Mounted Transformers (PMT) 11kV / 0.415kV, 200 KVA.

All works have been substantially completed and respective feeders hove been put in service.

Personal profile

A highly experienced Electrical Engineer with over two decades of expertise in medium and low voltage power networks, construction, operation, and maintenance. Adept in managing complex electrical systems and ensuring safety standards are upheld. Proven track record in both hands-on technical roles and supervisory positions, with a strong commitment to continuous learning and professional career development. Multilingual in English, Arabic and Swedish, holding dual license (UAE & Sweden). Driven by passion for innovation and excellence in the field of electrical engineering.

General information

Nationality: Swedish

Drivers License: Manual driving license (UAE & Sweden)

Work experience

Operation & Maintenance Head , *Alpha Power Electromechanical Cont. LLC*, UAE (Dec 2024 - current)

- Key responsibilities: managing medium and low voltage power networks with a focus on construction, operation, and maintenance
- Skills acquired: advanced troubleshooting, team coordination, project management, adherence to safety regulations

Senior Electric Engineer, *Falcon Middle East*, UAE (Sept 2023 – Nov-2024)

- Key responsibilities: managing medium and low voltage power networks with a focus on construction, operation, and maintenance
- Skills acquired: advanced troubleshooting, team coordination, project management, adherence to safety regulations

Power Distribution Monitor, *ATS Tjänster AB - PEAB*, Sweden (Aug 2022 - Aug 2023)

- Key responsibilities: monitored and supervised medium and low voltage power networks' construction, operation and maintenance
- Skills acquired: power distribution system analysis, real-time monitoring and reporting, emergency response, and technical documentation

Service Technician, *DD Elektrifiera AB*, Sweden (March 2022 - Aug 2022)

- Key responsibilities: LV installations and routine maintenance work
- Skills acquired: electric wiring, installation techniques, maintenance procedures, compliance to Swedish electric codes

Grid Operation Coordinator, *ENERCON Energy Converter AB*, Sweden (Dec 2020 - Aug 2021)

- Key responsibilities: managed operations, control, and maintenance of 440/132/33/22 kV power networks in ENERCON stations and wind farms
- Skills acquired: high-voltage operations, remote mentoring, and control of power grids, maintenance scheduling, and risk management

Sales Support Specialist, *ABB AB Service*, Sweden (Dec 2017 - Feb 2019)

- Key responsibilities: updated sevIS system with product specifications and service reports, provided electrical maintenance for MV and LV stations
- Skills required: data management, technical support, customer service, and electrical maintenance.

Senior Electrical Engineer, *Abu Dhabi Distribution Company (ADDC)*, UAE (1994 - 2018)

- Key responsibilities: conducted HV/LV network operations, including repair, maintenance, modification, and testing
- Skills acquired: network isolation and maneuvering, safety protocol adherence, faulty analysis, and operational efficiency

Electrical Engineer, *Al Tharawat General Cont.*, UAE (1996 - 1998)

- Key responsibilities: managed electrical installations for a 19-floor residential tower, including bus bar riser and wiring system
- Skills acquired: large-scale project management, electrical system design, installation procedures, and quality assurance

Education

N.W.F.P University of Engineering and Technology (1989 - 1994)

B.Sc. Electric Engineering, Peshawar, Pakistan

- Results: first division

Abu Dhabi Secondary School (1987 - 1988)

Secondary Certificate, Abu Dhabi, UAE

- Results: overall grade of 85%

Certifications & Training

Distributionelektriker/Linjmontör - Åsbro Kursgård AB, Åsbro, Sweden

HV & LV Switchgear - Intl. Centre for Training Development, Abu Dhabi, UAE

Career development Program (CompTIA, Microsoft) - New Horizons, Abu Dhabi, UAE

Electric Fault (Causes, Analysis, Detection & Remedies) - GLOMACS, Dubai, UAE

ICDL certification - The Higher Colleges of Technology, Abu Dhabi, UAE

Healthy & Safety Environment “First Aid” - Etisalat Academy, Dubai, UAE

Technical Training (Siemens, Maximo, ArcGIS) - Various institutes

Supporting documents available upon request.

MURUGANANTHAM S

Electrical Engineer

Sector-MFW16,villa-91
ShakhboutCity,
Abudhabi,UAE
Mobile : [+971 565799908](tel:+971565799908)
Email id : smananth92@gmail.com

Profile:

Having over **4+** years of experience in Installation and Commissioning of **MV & LV** Panel of electrical equipment up to 22 kV voltage level And power cable laying

Intend to build a career with leading corporate of hi-tech environment with committed & dedicated people, which will help me to explore myself fully and realize my potential

Willing to work as a key player in a challenging & creative environment.

Experience

Site Engineer

From 2017 to Till Date

Alpha power electromechanical llc.

- Installation & Commissioning of MV & LV Panel.
- Installation of MV & LV cable laying
- Installation & Commissioning of Light and small Power.
- Installation and commissioning of distribution transformer

Education

Educational Qualification : **Bachelor of Engineering** in Electrical and Electronics Engineering Obtained First class.

Year of completion : 2014

Name of the College : Roever Engineering Collage, Perambalur, India.

Name of the University : Anna University, Tamil Nadu, India.

Work responsibility

Site Engineer

Working as an Electrical site engineer in **Alpha power electromechanical contracting llc** in Abudhabi,UAE

RESPONSIBILITY:

- Prepare the specification of electrical system and topographical maps to ensure that installation and operation confirmed to standard and customer requirements.
- To make sure every electrical device or circuit installed meets the National electrical code
- Preparation of electrical procedure of electrical installation, testing and commissioning
- Reading the electrical design specification and technical drawing
- Supervising and undertaking Electrical work with in a commercial environment
- Undertaking a hand on electrical installation work
- Overseeing the complete strip out and refurb of a client site
- Ensuring that on site Health and safety regulation are strictly adhered to
- Organizing the routine service schedule
- Make sure that work methods are sufficient to project's needs.

Skills

- Ability to solve the problems in best way with the lowest cost and short time
- Strong decision making skills and ability to prioritize and the plan effectively
- Methodical approach to all task
- Ability to identify the opportunities to reduce the cost and improve the efficiency
- Ability and also willingness to work all whether conditions
- Ability to site management

Projects Handled In Installation

- PROJECT NAME** : Construction of shahama 33/11 kv, 3×20 MVA primary substation and Extension of Bhaya Grid station (D103638)
CONTRACTOR : Aljaber General contracting llc
CLIENT : Abudhabi distribution company
SCOPE OF WORK : Installation of GIS, relay panel, control panel, control cable and power Cable laying
LOCATION : Shahama - Abudhabi

- 2. PROJECT NAME :** Construction of Madinat zayed 33/11 kv, 4x20 MVA primary substation and Extension of madinat zayed Grid station (D104356)
- CONTRACTOR :** Aljaber General contracting llc
- CLIENT :** Abudhabi distribution company
- SCOPE OF WORK :** Installation of GIS, relay panel, control panel, control cable and power Cable laying
- LOCATION :** Madinat zayed-Abudhabi
-
- 3. PROJECT NAME :** Installation of small power and lighting for 22/0.415 Kv substation In yas acres (A433056/2016/C/007)
- CONTRACTOR :** National projects and construction llc
- CLIENT :** ALDAR
- SCOPE OF WORK :** Installation of lighting and small
- LOCATION :** Yas acres- Abudhabi
-
- 4. PROJECT NAME :** Installation and commissioning of MV and LV panel and distribution Transformer for 22/0.415 Kv substation in Yasacres (A433056/2016/C/007)
- CONTRACTOR :** National Projects and construction llc
- CLIENT :** ALDAR
- SCOPE OF WORK :** Installation & Commissioning of panels
- LOCATION :** Yas acres - Abudhabi
-
- 5. PROJECT NAME :** Construction of 204 villas
- CONTRACTOR :** Aljaber road and general contracting llc
- CONSULTANT :** Musanada
- SCOPE OF WORK :** HV and LV cable laying
- LOCATION :** Sweihan,Alain
-
- 6. PROJECT NAME :** Construction of 306 villas
- CONTRACTOR :** Aljaber road and general contracting llc
- CONSULTANT :** Musanada
- SCOPE OF WORK :** HV and LV cable laying
- LOCATION :** Alsaad, Alain

- 7. PROJECT NAME :** Supply & Installation of 33/11kV Brick Built Primary Substation with accessories including cabling works and dismantling of eXisting 33/11kV Package Unit in A (A14947)
- CONTRACTOR :** Aljaber General contracting llc
- CLIENT :** Al Ain distribution company
- SCOPE OF WORK :** Installation of GIS, relay panel, control panel, LV Panel, Battery Charger, control cable and powerCable laying
- LOCATION :** Ain - Masakin
-
- 8. PROJECT NAME :** Improvement of Mafrq to Al Ghweifat Border Post Highway
- CONTRACTOR :** Aljaber road and general contracting llc
- CONSULTANT :** Musanada
- SCOPE OF WORK :** HV and LV cable laying upto 40km
- LOCATION :** Tarif – Abudhai (Western Region)
-
- 9. PROJECT NAME :** Noor Abudhabi 1177MWp Solar PV Project at Sweihan,Abudhabi.
- CONTRACTOR :** Sterling & Willson
- CLIENT :** ADWEA
- SCOPE OF WORK :** LV cable laying upto 15km
- LOCATION :** Sweihan – Al Ain

Nature of work in Electrical Installation

- Installation and commissioning of 22kv and 11 kV Gas insulated switch gear and its Control cable laying for the various signal.
- Installation of power cables (22kV, 11kV) and LV cables
- Work is related to installation of Electrical substations (Including GIS) to 22kV, 11kV for the power distribution station, construction and building site.
- Installation of small power and lighting of 22/11 kV substation
- Installation and commissioning of distribution transformer and its cable laying
- Laying of cables (both power and control cable).
- Installation and commissioning of light and small power (FDP,Power socket, internal light, Emergency and exit light)
- Laying of Earth flats and bars (including panel Earthing, Transformer Earthing and all other Earthing) and it connected to main earth pit around the substation.
- Erection and commissioning of battery cell and fuse box also testing of battery banks

- Trouble shooting of all Electrical circuits, control and protection circuits.
- Co-ordination with client in As Built Scheme drawing submission, test report submission.
As built cable schedule submission and all site activity to satisfy the customer.
- Possess excellent interpersonal leadership & managerial skills, commercially aware and capable of working well under pressure within a team.
- Providing technical assistance to integrate design based commissioning and Construction Based implementation

OBJECTIVE:

A Position in Electrical Engineering providing the opportunity to make a strong contribution to organisational goals through continue development of professional skills.

PROFESSIONAL EXPERIENCE SUMMARY:

6 years of professional experience in Electrical maintenance, Installation, Testing & Commissioning of 22/11kV Substations equipments such as Current Transformers, Voltage Transformers, Main & Aux. Relays, Switchgears, RMU's, Distribution Transformers, Capacitor banks, Main Distribution Boards(LV),Power Cables, Control scheme checks for substation.

WORK EXPERIENCE:

Company	: Alpha Power Electro Mechanical Contracting LLC. AbuDhabi-U.A.E
Designation	: Testing & Commissioning Engineer
Year of working	: 12 rd December 2015 To Till Date

COMPETENCY:

Approved competency person by ADDC for testing & Commissioning of Transformer Switchgear up to 22kV and Cables up to 33kV.

SPECIALIZATION:

- Testing and Commissioning of 22kV RMU, TRM & QRM & Package Unit.
- Testing and Commissioning of Switchgears up to 22kV.
- Testing and Commissioning of Transformer up to 22kV.
- Testing and Commissioning of Current Transformer and Voltage Transformers.
- Testing of Over Current Relay, Earth Fault Relay, under / Over Voltage Relay and Auxiliary relays.
- Calibration Testing of Ammeter, Voltmeter and PMUs.
- Testing of Power Cables up to 33kV
- Testing and commissioning of LVAC Switchgears.
- Installation of (GIS Panels, Transformer, LVAC, DMS, Battery Charger, and SMDB) panel as per the layout drawing.

WORKING EXPERIENCE WITH FOLLOWING ORGANIZATION:

Project : TRM, QRM Testing & Commissioning

Client : Abu Dhabi Distribution Company

Location : Abudhabi Regions

- Testing and Commissioning of TRM/QRM units and 11kV /415V Transformers.
- Testing and Commissioning of 11kV Ring main panels.
- Testing and configuration of Fanox SIA-C digital numerical relay.

Project : Midfield Terminal Building - Abu Dhabi International Airport

Customer : TAV-CCC-ARABTEC JOINT VENTURE

Client : Anel Emirates

Location : Abu Dhabi , UAE

- Testing & Commissioning of 22kV Schneider GIC Breaker all component Testing
- Testing & Commissioning of 22kV, CABLE VLF Testing.
- Testing & Commissioning of 22kV Transformer and LV Switchgear Testing.
- Testing & Commissioning of 48V DC Battery Charger Testing.

Project : Improvement of Mafrag to Al Ghweifat Border Post Highway

Customer : MUSANADA Abu Dhabi General Service.

Client : AL JABER Transport & General Contracting LLC

- Installation of 11kV 3CX240 SQMM XLPE/STA/PVC Armored Cable up to 50km's as per the layout drawing.
- Testing and Commissioning of TRM units and 11KV /415V Transformers.
- Testing & Commissioning of 11KV & 33kV, CABLE VLF Testing.

Project : TRM, QRM Testing & Commissioning

Client : ADDC

Contractor : Power Lines Electromechanical LLC

- Testing & Commissioning of TRM,QRM & Distribution Transformer as per ADDC Standard.
- Testing & Commissioning of 11kV, CABLE VLF Test.

Project : YAS ISLAND DEVELOPMENT-ZONE K INFRASTRUCTURE WORKS

Client : ALDAR

Contractor : ENGSOL

- Testing of 22kV SIEMENS NXPLUS-C Switchgears all component testing ,Relays.
- Testing of 22kV Transformer and LV Switchgear Testing.

Project : ANNUAL MAINTANANCE, DUSIT THANI HOTEL, ABUDHABI

Client : ADDC

Contractor : EMIRATES INTERNATIONAL FACILITY MANAGEMENT LLC

- Testing And Maintenance Of MV,LV ,MDB,TRF,CAPACITOR PANEL,BATTERY FOR DUSIT THANI HOTEL,ABUDHABI.

Project : Yas Island Development – Yas Acres Construction.
Client : ALDAR.
Contractor : National Projects & Construction LLC.

- Installation of Floor Mounted MV Panel 4 Way and LV panel 18 Way.
- Installation of Floor Mounted Hermetically Sealed 1500KVA Distribution Transformer.
- Installation of Floor Mounted 48VDC Battery Charger with assembly of battery rack, Fuse Box , Battery Cell and Installation of Wall Mounted DMS-RTU and FOTB Panel.
- Installation of Cable Tray, Cable trunk and cable ladder.
- Installation of 3CX120,1CX630 SQMM XLPE/STA/PVC Armored Cable as per the layout drawing.
- Installation of Earth Rod, Earth Bar and Termination of Copper Clad Steel earth cable with earth bars & earth rod as per earth layout drawing

Project : TRM, QRM Testing & Commissioning
Client : Abu Dhabi Distribution Company
Contractor : Bin Hafeez General Contracting Establishment
Location : Al Rahba City, Abu Dhabi

- Testing and Commissioning of TRM/QRM units and 11kV /415V Transformers .
- Testing and Commissioning of 11kV Ring main panels.
- Testing and configuration of MICOM P124 digital numerical relay.

Project : Noor Abudhabi 1177MWp Solar PV Project at Sweihan,Abudhabi.
Client : Abudhabi Water & Electricity Authority.
Contractor : Sterling & Wilson

- Installation of LV and FOC Cable up to 15km's as per the layout drawing.
- Testing and Commissioning of Fence Lighting circuits.

TESTING EXPERIENCE OF RELAYS:

- All kind of trip and auxiliary relays.
- Fanox SIA-C.
- ASHIDA ADR 241S
- MICOM P124, P122, P123, P111.
- Siemens 7SJ61, 7SR11, 7SR112, 7SD80, 7SD61.
- ABB Relays (REF542plus, REF615, REX521, REJ521).

RESPONSIBILITIES IN EXPERIENCE:

- Preparation of Project Planning, scheduling and Monthly Progress Reports.
- Preparation of inspection reports, testing & Implementation, work accomplishment report, issuance of procedures, sub-contracts control.
- Review and verify drawings/details as per Scope of Work.
- Surveying installations and report preparation in prior to the pre – commissioning.

SPECIALIZATION:

CT's AND VT's : All kind of Indoor and Outdoor Type.

SWITCHGEARS : ABB -UNIGEAR ZS1 and SAFE GEAR PLUS,
SIEMENS- NX PLUS C and 8D10 SCHNEIDER ELECTRIC- MC SET,
TAVRIDA SP25..

RELAYS : All Kinds of Backup Protection and Auxiliary relays,

METERS : Ammeter, Voltmeter, Energy meter and Multifunction meter both
analog and digital.

TRANSFORMERS: Oil type and Dry type up to 22kV.

RMU'S : 11kV RMU, TRM, QRM & 11kV PACKAE UNIT.

EDUCATIONAL QUALIFICATION:

Educational Qualification : **Bachelor of Engineering** in Electrical and Electronics
Engineering Obtained First class.

Year of completion : 2014

Name of the College : Shanmuganathan Engineering Collage, Pudukkottai, India.

Name of the University : Anna University, Tamil Nadu, India.

SKILLS AND EXPERIENCE:

PACKAGE : MS-Office, Auto cad – Electrical cad (auto desk 2010)

EQUIPMENT HANDLED:

- ❖ Transformer winding resistance meter.
- ❖ Transformer turns ratio meter.
- ❖ Earth resistance tester.
- ❖ 3 Phase secondary injection set Freja 300 – Programma.
- ❖ Sverker 760/780 – Secondary Injection test system – Programma.
- ❖ ODEN – A Primary Current Injection test system – Programma.
- ❖ Circuit Breaker Analyzer.
- ❖ Micro Ohm Meter Programma M600 A.
- ❖ High Voltage Test set AC.
- ❖ High Voltage Test set DC.
- ❖ VLF TEST SET.
- ❖ Digital low resistance ohm meter.
- ❖ Megger 5KV.
- ❖ CT analyzer.
- ❖ CPC 100- Multi function test kit.
- ❖ Torkel-840.

CURRICULUM VITAE

Saravanan A

Testing & Commissioning Engineer

Mobile: +971564376586

Email : saransaravanan1610@gmail.com

Educational Qualification : **Bachelor of Engineering** in Electrical and Electronics Engineering.
Year of completion : 2009
Name of the College : Jayaram Engineering Collage, Thuriayur, India.
Name of the University : Anna University, Tamil Nadu, India.
Date of Birth : 16.05.1985
Passport issue Date : 20-09-2018
Passport Expiry Date : 19-09-2028

Professional Experience Summary:

Twelve Years of experience in installation, maintenance, Testing & Commissioning of 33/11KV Substations equipments such as Current Transformers, Voltage Transformers, Main & Aux. Relays, Switchgears, RMU's, Distribution Transformers, Capacitor banks, Main Distribution Boards(LV), Power Cables, Protection and Control scheme checks for substation.

Specialization:

- 1) Testing and commissioning of MV Switchgears up to 22kV.
- 2) Testing and commissioning of Power cables up to 33KV.
- 3) Testing and Commissioning of Current Transformers and Voltage Transformers.
- 4) Testing and Commissioning of static and numerical protection and control relays.
- 5) Testing and commissioning of 11KV RMU's and LVAC Switchgears.
- 6) DC charger and battery bank testing.
- 7) Cable fault and sheath fault location.
- 8) Testing and commissioning of capacitor banks.

TESTING EXPERIENCE OF RELAYS:

- All kind of trip and auxiliary relays.
- ABB Relays (SPAJ-140C, REF542plus, REF615, REX521, REJ521).
- MICOM P124, P122, P123, P111.
- Fanox SIA-C.
- Siemens – Argus 7SR11, 7SR12
- Ashida – ADR241S

Working Experience:

Experience with the following Organizations.

Sep 2014 to Till date: Alpha Power Electro Mechanical contracting LLC, Abu Dhabi – UAE.

- Testing & Commissioning of 33/11kV Package Substation at MRI PRY10(HABSHAN).
- Testing & Commissioning of 33/11kV Package Substation at KHT PRY1(AL RAZEEN).
- Testing & Commissioning of 33/11kV Package Substation at Zayed Military City.
- 33KV remote end protection modification and 11KV capacitor bank testing in Alain contract No.A11180.
- Worked in 11KV switchgear panels at ADDC switching stations in Abu Dhabi Regions.
- Worked in ANNUAL MAINTANANCE TESTING 22KV switchgears and Transformers at Saadiyat beach villas and residencies at Abudhabi.
- Worked in ANNUAL MAINTANANCE TESTING of 11KV switch gears at DUSIT THANI HOTEL at Abudhabi.
- Worked in ANNUAL MAINTANANCE TESTING of 22KV switch gears at AL MANARAT SADIYAT ISLAND at Abudhabi.
- Worked in 33KV Power cables testing at Mahawi 400KV/132KV/33KV Grid station in Abudhabi.
- Worked in 22KV GIS switchgears and Transformers at MID FIELD TERMINAL PROJECT in Abudhabi International Airport.
- Worked in 22KV AIS Switch gears, Transformers and LV switch gears at SOUTH SHAMKHA INFRASTRUCTURE DEVLOPEMNT PROJECT in Abudhabi.
- Testing & Commissioning of QRM, TRM & Distribution Transformer at LTRI project Abudhabi regions.

Jan 2012 to Aug 2014: Alphapower projects-India

- Installation, Testing & Commissioning of Remote Terminal Unit & LDMS.
- Installation, Testing & Commissioning of Power Panel & Battery.
- RTU configuration and DMS signal integration works.
- Remote Terminal unit & Local display monitoring system-Database configured and monitored.
- DMS signal scheme designing.
- DMS End to end testing.
- Installation and Commissioning Power Panel (AC & DC), SAT testing.
- Internal SCADA wiring in SF6, VCB Breakers at 110KV, 33KV & 11KV levels.
- Internal wiring & Troubleshooting in VCB, RTU, Power Panel.
- Coordinating with clients and inspections teams to carry on the works.
- Maintaining good communication and relation with my team, clients & sub-contractors.
- Material handling, equipment planning as per site requirement.

DKD ENGINEERING PRIVATE LIMITED-Coimbatore

Position: Site Engineer (Sep 2009 to Sep 2011).

Client : ReGen Powertech Pvt Ltd.

Responsibilities in experience:

- Preparation of Project Planning, scheduling and Monthly Progress Reports.
- Preparation of Switch yard Layouts as per the standards.
- Installation of 11KV Switch yard.
- Installation & Commissioning of all 11KV VCB and Transformers.
- Installation of 11 KV current transformer and voltage transformers.
- Control wiring of Switchgear & Breakers, Control Panel.

SPECIALIZATION:

CT's AND VT's: All kind of Indoor and Outdoor Type.

SWITCHGEARS: ABB -UNIGEAR ZS1 and SAFE GEAR PLUS,
SIEMENS- NX PLUS C and 8D10 SCHNEIDER ELECTRIC- MC SET, GMA and WSA.

RELAYS: All Kinds of Backup Protection and Auxiliary relays

METERS: Ammeter, Voltmeter, Energy meter and Multifunction meter both analog and digital.

TRANSFORMERS: Oil type and Dry type up to 22kv.

RMU'S: 11KV RMU,TRM,QRM & 11KV PACKAE UNIT.

2005

2006

Equipment Handled:

1. 3 Phase secondary injection set Freja 300 – Programma.
2. Sverker 760/780 – Secondary Injection test system – Programma.
3. ODEN – A Primary Current Injection test system – Programma.
4. Circuit Breaker Analyzer.
5. Micro Ohm Meter Programma M600 A.
6. High Voltage Test set AC.
7. VLF TEST SET.
8. Digital low resistance ohm meter.
9. Megger 5KV.
10. CT analyzer.
11. CPC 100- Multi function test kit.
12. Torkel-840.
13. Transformer winding resistance meter.
14. Transformer turns ratio meter.
15. Earth resistance tester.

DECLARATION

I hereby declare that the above details are true to the best of my knowledge and belief.

ELECTRICAL ENGINEER

**(INSTALLATION, TESTING AND COMMISSIONING, OPERATION &
MAINTENANCE).**

EXPERIENCE – 10 + YEARS,
UAE & INDIA.

OBJECTIVE CAREER

To have a growth oriented and challenging career, where I can contribute my knowledge and skills to the organization and enhance my experience through continuous learning and team work.

PROFILE HIGHLIGHTS

❖ ELECTRICAL ENGINEER

(SINCE - 2023 DEC),
ALPHA POWER ELECTROMECHANICAL LLC,
DUBAI, UAE.

❖ ELECTRICAL ENGINEER

(FROM 2022 – 2023),
VOLTECH ENGINEERS PVT LTD
CHENNAI, INDIA.

❖ ELECTRICAL ENGINEER

(FROM 2021 – 2022),
GULF PHARMACEUTICAL INDUSTRIES,
RAS AL KHAIMA, UAE

❖ ELECTRICAL ENGINEER

(FROM 2018 – 2021),
INDHU ENGINEERING WORKS,,
CHENNAI, INDIA

❖ ELECTRICAL ENGINEER

(FROM 2013 – 2018),
SRI BALAJI CONSTRUCTIONS,
TENKASI, INDIA

COMPUTER PROFICIENCY

- ❖ MS OFFICE & EXCEL
- ❖ AUTOCAD
- ❖ DAILY WORK SHEET MAINTAINING
- ❖ RESIDENTIAL WIRING DRAWING

ROLES AND RESPONSIBILITIES

- Employ, Supervise & Train workers.
- Preparing inspection reports & site records.
- Interacting with clients and contractor staff to determine and verify project requirements.
- Identifying non conforming works, Generating reports and corrective action and coordinating responses.
- Maintain accuracy in records for work completed.
- Coordinate and meet with contractor and authorities.
- Conduct preventative maintenance supervised.
- Conduct safety inspection as supervising.
- Establish strategies to meet work load demands on time.
- Supporting day by day site progress and inspection material selection and finalizing finishes.
- Update and maintain drawings records and other documents related to the electrical for continuous availability.
- Carrying all planed works in line with assigned time standards.
- Participating in emergency response duties as a team member.
- Collect technical data from the field as required and provide inputs to prepare section progress reports for company management
- To coordinate with Electrical Contractor for Electrification, Execution & Erection.
- To provide the entire electrical solutions as per requirement.
- Site issues highlighting and send to consultant.
- Mock up unit Preparation and execution.
- Manpower Controlling and solve the Problem.
- Updating of material stock.
- Promote good first aid practice within the site.
- To co-ordinate the driver and workers.
- Site issues highlighting and send to correspondent.
- Preparing the Monthly work Progress Report for Claim with Measurements.
- Manpower Controlling and solve the Problem.
- Updating of material stock.
- Promote good first aid practice within the site.
- To co-ordinate the driver and workers.
- Site issues highlighting and send to correspondent.
- Preparing the Monthly work Progress Report for Claim with Measurements.
- Manpower Controlling and solve the Problem.

- Updating of the material stock.
- Promote the good first aid practice within the site

WORKING EXPERIENCE

- 33kv, 22kv, 11kv, and 415v Control and Protection panel Assembling
- Installation of 33kv/11kv switchgear panel and Control Panels Protection Panel
- Cable Laying, Cable Termination Works
- Installation of LV Panels, LV Feeder Pillars, LV Service Turrets, LV Lighting Panels Transformer Installation up to 20 MVA Distribution Package units up to 1500 KVA including TRM, Auxiliary Transformer, LV panels, LV feeder Pillars.
- Installation of Battery Banks Capacitor Units up to 2 MVAR
- Installation of cabling and associated devices such as switches, distribution board, sockets and light fittings in structure
- Cable laying and Cable Glanding and Termination of Communication cables and power cables in RTU panel and IFC panel DC Converter
- Assistant Testing and commissioning activate
- Coordination with Testing Activities
- Modification works at site
- Testing commissioning assist RMU & switchgears
- Coordination with Engineer for CT, VT, Circuit Breaker, LA, Testing up to 33kV
- Coordination with Engineer for Protection & Auxiliary Relay Testing
- Coordination with Engineer for High Voltage Testing
- Coordination with Engineer for AC/DC Scheme checks
- Snag clearance work
- Preventive maintenance of all kind of H.V& L.V breakers, motors, voltage up to 132kv/33kv transformers, corrective maintenance of H.V& L.V Switchgears
- Maintenance of Electrical Panels

Sector 12,Kalifacity-A

Abudhabi,united Arab emirates

Email – kmoorthi650@gmail.com

Mobile - +971 56 742 8212

PROFILE:

Having over 9+ years of experience in MV & LV Cable termination and cable jointing up to 22kV.

OBJECTIVE:

To work on a challenging environment where my knowledge and experience can be shared and enriched to organization's best use and which would give me ample experience in the field

EDUCATION:

QUALIFICATION	YEAR OF PASS	SCHOOL/COLLAEGE NAME	PERCENTAGE
ITI	August-2003	Thiruvalluvar ITI –kovil patti	74%
HIGHER SECONDARY	March -2000	GMS higher secondary school	71%

WORK EXPERIENCE:

Worked as a Cable Jointer and line man with **M/S. NAEL ENERGY - AL AIN** from Jan 2006 to August 2013

Scope of work:

- Termination and jointing of 11 KV and 22 kV power cables in indoor and outdoor.
- Termination of 3c×300 mm² cable in RMU (TRM AND QRM)

Worked as Cable Jointer and OHL Forman) with **M/S NET ELECTRO MECHANICAL CONT EST - AL AIN** - UAE from August 2014 to August 2016

Scope of work:

- Termination of 3c×300 mm² cable with overhead line conductor.
- Termination of 3c×120 mm² in transformer side

Worked as Cable Jointer with **M/S ALPHA POWER ELECTROMECHANICAL LLC-ABUDHABI** from dec 2019 to Still Now

Scope of work:

- Termination of LV cables (1c×630mm²) in LV panel side and transformer side in 22/0.415 kV Distribution substation.
- Termination of LV cable (4c×240mm²) and (4c×400mm²) in LV panel side in 11/0.415 kV Distribution substation

SKILLS:

- Ability to plan and prioritize work activities effectively
- Problem solver with good common sense
- Problem solver with good common sense.
- Sincere and flexible to any work environment.
- Highly disciplined

		Good	Very Good
1.	Ability to follow installation instructions	X	
2.	Overall confidence / Independence	x	
3.	Completeness of the tool kit	X	

Comments in support of the rating

Remarks:

The certificate covers Raychem Heat Shrinkable Joints (MXSW/SXSW) and Terminations (EPKT) with mechanical connectors/lugs for Alu. /Cu. multicore or single core cables from 1 kV to 33 kV.

This is not a general certificate of competence and the rating and overall result in the certificate are based on the performance of the installer during the assessment. This certificate does not absolve the installer of his responsibility to carry out the installation of Raychem cable accessories in accordance with standard Raychem installation instructions and recommended procedures.
